

The background of the entire page is a photograph of various wood products. On the left, there are several large, flat panels of wood, possibly plywood or veneer, stacked together. In the foreground and middle ground, there are several large logs of wood, some with their bark still on. A small, spiky pine branch is also visible, leaning against the logs. The lighting is dramatic, with a dark blue background behind the wood, highlighting the textures and colors of the natural materials.
