MADE IN THE USA

OPPORTUNITY IS ABUNDANT IN MISSISSIPPI.

A growing list of global companies and entrepreneurs call Mississippi home. Competitive energy and operating costs combine with the state's robust workforce training programs to create a favorable environment for industries to thrive. The state's strategic location offers easy access to U.S. markets, and recent tax and energy reform add to Mississippi's growth capacity.

Mississippi Development Authority administers a variety of programs designed to assist businesses with their development and expansion needs to position the state as an aggressive competitor in the global marketplace. Whether your business operates locally, regionally or around the world, Mississippi is the right place to call home.

WORKFORCE TRAINING

Mississippi is committed to helping your business grow by training our workforce to meet your needs. From on-the-job training and standard and customized short-term training to college courses developed with and for your industry, we ensure your employees are prepared to work immediately.

Mississippi is a Right to Work State.

INFRASTRUCTURE

Mississippi is one-day accessible to 55% of U.S. businesses, offering more than half of U.S. companies gateway ports to Central America, Latin America and other trade destinations. Located midway between Atlanta and Dallas, Mississippi is in the heart of one of the fastest growing regions in the nation. The state's transportation network enables businesses to compete in the global marketplace.
